## THE ANNENBERG FOUNDATION

---

The Annenberg Foundation is a private family foundation that provides funding and support to nonprofit organizations in the United States and globally. Since 1989, it has generously funded programs in education and youth development; arts, culture and humanities; civic and community life; health and human services; and animal services and the environment. In addition, the Foundation and its Board of Directors are directly involved in the community with several projects that expand and complement its grant support to nonprofits. Among them are innovative nonprofit capacity building initiatives, the Annenberg Space for Photography, Explore, and the Metabolic Studio. The Annenberg Foundation exists to advance the public well-being through improved communication. As the principal means of achieving this goal, the Foundation encourages the development of more effective ways to share ideas and knowledge.
