
GET INVOLVED

SU2C's Constellation is a tribute space for anyone who has received a cancer diagnosis. For as little as a \$1 donation you can launch a star for someone you love, and encourage your family and friends to add their tribute message.

Stand Up To Cancer's Fundraising teams offer an online community where anyone can start or join a team. Be a leader in the fight to end cancer in our lifetimes by asking others to join together and give.

Start an SU2C Club at your school or organize a grassroots fundraising event in your community. We provide you the tools you'll need to help make it a success in the Up2 You Toolkit.

Everyone has a story to tell. SU2C's My Stand is a place where you can share your personal connection to cancer. Join SU2C, post your story today.

One in two men and one in three women will be diagnosed with cancer in their lifetimes. Join in one movement, united, at SU2C.org and invite your friends to stand with you.
